Your use of NEPTIS® Designer software (the "Software") is based on the software license and other terms and conditions in effect for the product at the time of registration. The applicable terms and conditions are published on the Optimized Radiochemical Applications website ([www.oradiochem.eu](http://www.oradiochem.eu), [www.neptis-vsa.com](http://www.neptis-vsa.com)) and only the latest version of these terms and conditions will be applicable. Your agreement to these terms is required to install or use the product. Be certain to read the applicable terms carefully and to agree before you install the software or use the product.

**About NEPTIS® Designer Software - version 1.0**

NEPTIS® Designer Software allows the integrated development of Virtual Synthesizer™ applications for NEPTIS® synthesizer's platforms. Optimized Radiochemical Applications sprl, a Belgium registered company (hereinafter "ORA"), does not represent or warrant that use of the Software and products derived from use of the software will be uninterrupted, timely, secure or free from error, from bugs or loss of data or will not suffer of data failure.

**Privacy**

With respect to any personal data collected from the user, ORA acts as the data controller pursuant to the applicable data protection legislations. Such data will be used for the purposes of allowing the user to install or use the product as well as for marketing and commercial purposes. ORA will not transfer such personal data to any third party. The users have the right to object, by request and free of charge, to such processing for direct marketing purposes. Moreover, the users have the right to access and rectify any personal data relating to them. To this end, they can contact [info@oradiochem.eu](mailto:info@oradiochem.eu).
